**GOLD IN GEORGIA.**

**The Mines and Miners of the Past and Present.**

DAHLONEGA, Ga., March 18.—Special.—The great bulk of gold extracted from hills around Dahlonega is done by companies incorporated, some in Georgia and others in New York for the purpose of gold mining. The stockholders in these companies are for the

[illegible]

On this tract there is a remarkable bed of decomposed slate, which seems to be permeated with gold, and is covered with small pebbles and rock with a few narrow particles when washed.

Professor Blake was followed by Dr. Chas. H. Bennett, who also expected to find gold. Bennett's, whose testimony was even stronger, and he was in turn followed by various other experts.

**GOLD MINING STIMULATED.**

These served to immensely stimulate the interest of the people, and gold mining companies were organized. There had hardly begun to be operations before war broke out, and the beginning of hostilities was the sign for a cessation of all mining operations. Then the war closed some of the companies turned here; others left their property go, and others who did return soon became embroiled in bitter, expensive and tedious litigation among themselves, and much money was thus lost.

In 1860 three gentlemen became interested in the development of the mines, and made a prospecting party, and they found that some of their work men who had had no previous experience in mining, and their operations were conducted on a scale which to call for a purchaser, Mr. S. L. M. Barlow, of New York, in starting up the works again displayed a good sense. His first move was to make

Barlow had full confidence, to superintend the entire works, and from that day to this he has made money. Mr. Barlow himself has been a successful business man, and is now having been here in twenty years, but he has entrusted their management to capable men, and has derived a steady and handsome income. The success of the mines has indicated that he was recently sued for one of his acre lots. In the progress of the litigation it was proven by competent evidence that the value of the property was at least fifty acres amounted to \$200,000. After a protracted litigation, Mr. Barlow was successful in the litigation.

Barlow had a scheme which had so utterly failed that the sheriff sold it out under execution. Mr. Barlow, by proper and economical management, has realized large sums of money.

**HOW THE WATER IS PROCURED.**

But it takes what the boys call "gall," to carry it through an undertaking of this sort. A

which the mines are run in, in some instances, brought a distance of from twenty to twenty-five miles by a means of ditches. The water is then carried to the mill, usually at a distance of tens of thousands of dollars. Many owners have constructed a ditch or canal carrying several hundred miles of water. This canal is usually made of stone or concrete, and the water is carried over the hills and mountains and carries water about five miles over Dahnlehong, being 25 or more miles in length. By this means many of the companies have been able to obtain water for their water at a given price per miner's inch. In other words, the Hand company retail their water at so much per inch to those who desire to use it, and retail it at a higher price to those who desire to condemn and have the right of eminent domain for the purpose of acquiring rights of way, etc. The supreme court upheld this right of eminent domain, and the Hand company and its coal owners bought the streets of the

ty, and thereby was a public benefit. His ditch was a great stimulus to the country, and the country without it many companies and individuals did not obtain water, being unable to incur expenditure of enormous amounts to construct ditches and canals.

**WHY SOME COMPANIES FAILED.**

Some of these companies have failed and others have made money, but it is a noteworthy fact that the failures were not due to a failure in legitimate mining, but the management has been in hands incapacitated for such work. The trouble has been that the management has been in the hands of men to whom they were desirous of obtaining investment and they have been thrust upon the owners without having had any previous experience. Some of the failures have been due to such as mining superintendents, photographers, merchants and others who absolutely no knowledge of mining and some of them had never seen a gold mine before coming here. A

One could understand that such exploits as these would be failures. But there have been very successful ventures. It need only be said that there are now in this county in operation, seven stamp mills, wherein are constantly run day and night, one hundred sixty stamps. Some of these mills have been running without stop for twelve or fifteen years, others are new and have been running less than a year. It is claimed by the operators that they can work the ore at a total cost of forty cents per ton. None of the ore is less than \$1.50 per ton, and the average is from that sum to \$1,000 per ton.

## MEDICAL.

## WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use.

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefit I have derived from my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of their lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold, which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—P. H. Denmark and D. W. Rountree, by brief, contra.

## SUPREME COURT.

DECISIONS RENDERED MONDAY, MARCH 18, 1889.

L. E. Bleckley, Chief Justice—Reported for the Constitution by Henry C. Peeples, Supreme Court Reporter.

Solomon & Son vs. Crech, et al. Complaint from Brooks. Pleadings. Amendment. Partnership. Evidence. Witness. Accounts. Practice in supreme court. Before Judge Hanes.

Blount vs. Downe. Assumpsit, from Decatur. Contracts. Bonds. Consideration. Charge of Court. Evidence. Before Judge Bower.

Bleckley, C. J.—I, counsel, being marked upon the docket for the defendants at the appearance term, the case is considered as answered, and the plea of the general issue filed. Such plea is amendable at a subsequent term by a plea in behalf of one of the defendants denying the existence of the alleged partnership as to him.

2. The evidence of a subscribing witness to a mortgage, based on an examination of the record of such mortgage, and tending to prove that a copy of the instrument annexed to his interrogatories corresponds with the record, is inadmissible as against the mortgagor, without first accounting for the original. Nor is it admissible to establish an alleged partnership consisting of three persons, when the partnership which the copy describes consisted of two of these only.

3. If a witness testified to the correctness of an account annexed to his interrogatories, and no account is annexed as to the same or to his answers as they appear in this court, there can be no reversal here of a judgment excluding his evidence.

4. A witness who kept the plaintiffs' books, testifying to the correctness of the account sued upon, but basing his evidence upon an examination of the books, and not upon documents, and admitting that he did not sell the goods, is not competent to prove his sale and delivery, the books themselves being higher evidence than his information derived from them.

Judgment affirmed.

## March April May

Are the best months in which to purify your blood for at no other season does the system so much need the aid of a reliable medicine like Hood's Sarsaparilla, as now. During the long, cold winter, the blood becomes thin and impure, the body becomes weak and tired, the appetite may be lost. Hood's Sarsaparilla is peculiarly adapted to purify and enrich the blood, to create a good appetite and to overcome that tired feeling. It increases in popularity every year, for it is the ideal

Spring Medicine.

"Early last spring I was very much run down, had nervous headache, felt miserable and all that. I was very much benefited by Hood's Sarsaparilla. Mrs. J. M. Taylor, 1119 Euclid Avenue, Cleveland, O.

"Hood's Sarsaparilla has cured me of salt rheum, which I have had for years. I do think it is the best medicine I am 40 years of age and my skin is just as smooth and fair as a piece of glass. I have six children, and when anything is the trouble with them I give them Hood's Sarsaparilla."—Mrs. Lilla Clark, South Norwalk, Conn.

"For years at irregular intervals in all seasons, I suffered the intolerable burning and itching of blood poisoning by try. It would break out on my legs in my throat and eyes. Last spring I took Hood's Sarsaparilla, with no thought of it as a special remedy for my poisoning, but it has effected a permanent cure."—Calvin T. Gutter, Westworth, N.H.

"I had boils all over my neck and back, troubling me so much that I could not turn my head around, nor sleep over. Hood's Sarsaparilla cured me in two weeks. I think it is the best blood purifier."—DANIEL READ, Kansas City, Mo.

"For years at irregular intervals in all seasons, I suffered the intolerable burning and itching of blood poisoning by try. It would break out on my legs in my throat and eyes. Last spring I took Hood's Sarsaparilla, with no thought of it as a special remedy for my poisoning, but it has effected a permanent cure."—Calvin T. Gutter, Westworth, N.H.

"I had boils all over my neck and back, troubling me so much that I could not turn my head around, nor sleep over. Hood's Sarsaparilla cured me in two weeks. I think it is the best blood purifier."—DANIEL READ, Kansas City, Mo.</

## IRISH AMERICANS

DO FITTING HONOR TO THE MEMORY  
OF IRELAND'S PATRON SAINT.

A Poem by Major C. W. Hubner—An Interesting  
Programme at the Irish American Club Meeting  
—Reverent Addressed Congratulating Parnell—  
—Exercises of the Hibernian Benevolent Society.

St. Patrick's day.

The anniversary was appropriately celebrat-  
ed yesterday by resident Irish-Americans.  
The day was perfect, and it has been many  
a year since Irishmen assembled in prouder  
and more hopeful spirit to celebrate St. Pat-  
rick's day.

At the Irish-American hall, on Marietta  
street, last evening, a most interesting pro-  
gramme was presented. The hall was filled to  
overflowing with representative Irishmen and  
their families, and the evening was enjoyable  
throughout.

The exercises were begun with singing,  
"The Harp that Once Thro' Tara's Hall," by  
the Cecilia club.

Following this was an eloquent address by  
Dr. W. S. Armstrong. Referring briefly to  
the past of Ireland, the speaker proceeded to  
discuss the promising outlook of Irish affairs  
today, touching upon the vindication of Parnell  
and the reaction amongst the masses of  
English people, as shown by the recent elec-  
tions and orations tendered Parnell and his  
Irish colleagues in parliament. Then, in his  
own strong, picturesque fashion, the speaker  
referred to Ireland's future and the coming  
triumph of the Irish cause.

"Come Back to Erin," by Mrs. Belle Dike-  
man, was beautifully rendered.

Following this was the reading of an origi-  
nal poem by Major C. W. Hubner, a tribute  
from a German-American to the great states-  
man.

PARNELL.

Parnell! There's something in the name  
That stirs up the soul.

As I am stirred when lightning flashes,  
And thunders crash and roll;

Grand forms from out the mists of time  
Sweep through my aching mind.

Like eagles, that with swift sublime,  
Sweep down a stormy wind.

What shapes of sacred majesty  
Before my vision pass!

Along the glittering line I see  
Mighty Leonidas.

And he, who, crowned with glory fell—  
Poor Poland's royal son!

Ernest and Hannibal, Homer, Tell,  
Brace, Wallace, Washington!

Men who, with freedom's flag unfurled,  
And often times alone,

Climbed glory's heights to death, and hurried  
Down the steep descent of doom.

Men who, with sword, or pen, or tongue,  
Fought for the rights of man.

Fought for the rights against the wrong,  
And led the battle van!

Of the immortal company,  
Long since by glory claimed,

Parnell! in ages to come  
The peer thou shalt be named;

A grateful people in their songs  
Pay praise shall proudly send;

And fame, with thousand trumpet tongues,  
Hail Ireland's uncrowned King.

With brow serene, and dauntless breast,  
Confronting the foe's dread array;

Clave with the sword of Truth his crest,  
And lay the coward low!

Fear his victory will come,  
God's blessing bides with thee;

Stand fast for Fatherland and Home,  
For Truth and Liberty!

Stand fast with him, be brave, be true,  
Men of Emerald Isle!

Redemption yet shall come to you—  
Wait but a little while.

O, Erin! all thy splendid past  
Ere long shall seem to be,

When dawn's thy crowning day at last,  
And thou for aye art free!

After "The Last Rose of Summer" by the  
Cecilia club,

THE FOLLOWING RESOLUTIONS  
were introduced by Mr. Thos. F. Corrigan:

Resolved, That we regard the vindication of  
Charles Stewart Parnell as the breaking down and  
destruction of the last barrier between possible  
failure and the grand achievement of Irish home rule.

Resolved, That we congratulate Mr. Parnell, and  
through him the Irish people, upon his triumph over  
the infamous intrigues and monstrous calumnies  
which the magnanimity of the irascible enemies to  
the cause of human liberty, planned and published  
in their desperation to frustrate and impede the  
steady march of Irish independence.

Resolved, That we join the people of Ireland and  
the Irish people throughout civilization in express-  
ing our complete and unquestioning confidence in  
the ability, integrity and spotless character of Char-  
les Stewart Parnell, who justly holds the leadership of  
the most potent and precious cause of modern times,  
which has met with the most formidable opposition  
of any question involving political economy in the  
history of the world.

Resolved, That our assurances and our hopes are  
centered in the wisdom and statesmanship of  
Charles Stewart Parnell and his loyal contemporaries  
through whose untiring efforts we expect to see  
the speedy solution of the Irish question and the  
signal triumph of Irish rights.

The resolutions were then unanimously  
adopted.

"Kathleen Mavourneen," by Miss Langley,  
and "Good-bye Marguerite," by Mr. J. K.  
Foy, were two of the prettiest features of the  
entertainment.

Rev. Dr. Quinn, of Conyers, was called upon  
for a short talk, after him Mr. A. J. Golden,  
of Pittsburgh.

This closed the exercises of the evening.

The Hibernian Benevolent society of  
Atlanta met at their hall on Alabama street at 8  
o'clock, and after winding up the affairs of  
the society for the past twelve months the  
members, wearing ladies' and white gloves,  
walked in procession to the church of the Imma-  
culate Conception when a solemn high mass  
was sung by Rev. Father Kennedy, assisted by  
an efficient choir. The oration by Rev. Father  
Kelly, administrator of the diocese of Savannah,  
on St. Patrick was a masterly discourse.

After the services were concluded they re-  
turned to their hall and elected officers for the  
coming year as follows:

Mr. Tim Bourke, president; Mr. William  
Dooling, vice president; Mr. Tom Numan,  
secretary; Mr. Steve Grady, assistant secretary;  
Mr. James Walsh, treasurer; Mr. Arthur  
Connelly, financial. Also officers for the fol-  
lowing branch: Finance, relief, investigating  
and on sick.

Arrangements were made for the celebrated  
Easter ball which will come off at Concordia  
hall, on next Wednesday after Easter Monday.

The Hibernian Entertainment.

An enjoyable entertainment and banquet  
was given last evening by the Hibernian Be-  
nevolent society, in their hall, at the corner of  
Loyd and Alabama streets.

Two hundred and fifty or three hundred peo-  
ple were present. The programme was an  
improvement. Mr. T. Burke presided as  
president of the association, and Mr. Steve  
Grady was master of ceremonies.

Music and songs were furnished by the  
Cecilia double quartette, Mr. Henry Massey  
and a number of other gentlemen. The  
refreshments were served during intervals, and  
the entertainment was a success in every  
respect.

This is the season when a reliable medicine  
like Hood's Sarsaparilla will do you more good  
than at any other time of the year. Hood's

by the use of Coeline Headache Powders now long  
would they suffer this lot to remain on an other-  
wise fair face. Sold by all druggists. Twenty-five  
cents a box of six powders, or mailed on receipt of  
price by the Coeline Co., Buffalo, N. Y. mail 1225

## THE TAX COLLECTOR OF DEKALB.

Mr. Weaver Having Failed to Give the Bond,  
Mr. J. K. Nash is Elected to the Office.

At the regular state and county election in  
January, Mr. Thomas H. Weaver was elected  
tax collector of DeKalb county.

Mr. Weaver having announced that he was  
unable to make the bond, the ordinary of De-  
Kalb ordered a new election for the tax collec-  
torship, which took place last Saturday.

There were four candidates for the office and  
the returns from the election, which were re-  
ceived at the office of the secretary of state  
yesterday, show the following result: J. K.  
Nash, 559; W. B. Smith, 222; W. A. Evans,  
212; J. F. Henderson, 113.

Mr. J. K. Nash, the successful candidate,  
was duly commissioned yesterday as tax col-  
lector of DeKalb county.

The state bond is \$22,000, and the county  
bond about the same.

In the United States court yesterday, a few  
cases for violation of the revenue laws were  
disposed of. George C. Thomas, was admitted  
to practice in the United States circuit and  
district courts.

The friends of Collector Tom Crenshaw will  
be glad to learn that he has almost recovered  
from his recent severe attack of typhoid pneu-  
monia. He arrived in the city Saturday night,  
and is resting quietly at his home, No. 11 Wheat  
street. He hopes to be able to come to his  
office in a day or two.

Why is it so many suffer from rheumatism,  
aches, pains, kidney troubles, liver troubles,  
heart affection, etc.? It is simply because they  
will not come and be healed. All diseases be-  
gin from a want of iron in the blood. This  
want of iron makes the blood thin, watery and  
impure. Impure blood carries weakness and  
distress to every part of the body. Supply this  
lack of iron by using Brown's Iron Bitters, and  
you will soon find yourself enjoying perfect  
freedom from aches, pains and general ill-  
health.

instant. No postpone-  
ment.

True greatness consists in conferring the  
greatest blessing upon the human race, and  
smoking Grand Republic Cigars and Buffs  
Sold by all reliable dealers.
